Oakfield Corners Dairy

Oakfield Corners Dairy is the Holstein genetics and marketing division of Lamb Farms, Inc. The Lamb family has been farming for 12 generations, and the Genetics program has grown in scope over the past 25 years. We are proud to work with some of the best cows and cow families in the Holstein breed, focusing on both show-type and index matings. Our goal is to breed cows that will perform well in any environment, showing a balance of production, health, and conformation traits. We believe in the importance of deep maternal lines, and Foghat's family exemplifies that...his dam completes 11 generations of VG and EX dams in the Blackstar Raven family.
